

TESAB

8048SF

HIGH CAPACITY FEEDER STACKER

The newly designed 8048SF is Tesab's latest offering as a feeder stacker. It comprises of a large feeder hopper that transfers material onto an 80ft conveyor.

Designed to allow operators to stockpile/transfer material it eliminates double handling of materials.

The unit can also be compacted for transport on one low loader for easy site to site transport.

FEATURES & BENEFITS

- 100KW (127HP) engine
- Hydraulic folding heading section for transport minimizing setup time
- Hydraulically adjustable discharge height up to 6.5m
- User Friendly Hydraulic Controls
- 4m tracks for superiormaneuverability and stability
- Fuel efficient Hydraulics system
- Dual hydraulic main drive system
- Hopper extensions increasing capacity

STACKER

TESAB

Steel hopper allows operators to load 13m³ of standard aggregates with hopper extensions option to increase capacity.

Hopper extensions increasing capacity.

Heavy duty main 48" (1200mm) wide conveyor and 50' long offers hydraulic folding.

Hydraulic folding heading section for transport minimizing setup time.

Fully portable tracked unit with 4m wide tracks, allowing for maximum on-site stability.

DIMENSION & CAPACITIES

Engine		Weight		Hopper Capacity		Max. Production Rate	
100kW (127Hp)		24,500kg approx. (54,013lbs)		13m ³ (17 yd ³)		880 TPH (800 metric TPH)	
TRANSPORT DIMENSIONS				WORKING DIMENSIONS			
Height	Width	Length		Height	Length		
3.4m (11' 1")	3.2m (10' 6")	19.4m (38' 8")		10m (32' 5")	26.2m (86' 1")
